Mounting Accessories

GROUND SUPPORT MTS-2P

Mounting accessories

Description of product family

Mounting tubes and ground mounting tubes are available for bollard luminaires. Ground mounting tubes are meant to be used together with a concrete base to ensure that the luminaire is firmly mounted. The mounting tube is installed directly into the ground and the luminaire is attached to it.

Technical details

The ground support is used with a concrete base to ensure that yard lights are mounted securely. Ground support adapter MTS-2P is compatible with the following lights: Käpylä, Kallio, Park, Flen, Puistola.
Length 300 mm, Ø 60 mm, made from stainless steel.
