Mounting Accessories

GROUND SUPPORT ROUND

Mounting accessories

Description of product family

Mounting tubes and ground mounting tubes are available for bollard luminaires. Ground mounting tubes are meant to be used together with a concrete base to ensure that the luminaire is firmly mounted. The mounting tube is installed directly into the ground and the luminaire is attached to it.

Technical details

The ground support is dug into the ground, and the light is fixed to the support. Ground support P is compatible with the following bollard lights: Käpylä, Kallio, Park, Kartano Bollard, Flen, Puistola. Length 400 mm, made from stainless steel.
