Airflood

Airflood IP44 20W/840 1600lm BK

Floodlight

Description of product family

Modern and compact, the Airflood led floodlight is designed for safe and practical lighting of yards, storehouses, traffic routes and car parks. With its edgeless design, the floodlight looks perfect on many different buildings, and the front panel sheds a pleasantly uniform light. Each floodlight has an adjustable lighting angle. You can choose a black or a white model. The floodlights have a plug coupling and a rubber cable. Models with sensor also available.

Technical details

A 20-W LED floodlight for various lighting applications in the yard or garden. The borderless design ensures even light production along the entire surface of the fixture. Adjustable lighting angle. High-pressure die cast aluminum frame in black. Globe made from polycarbonate. Non-replaceable LED 20 W 1 600 lm 4000 K. IP44, IK08. Plug socket connection with a rubber cable of 0.8 m.
