

Sala Double

Sala Double IP44 2XGU10 GLC GR

Wall luminaire

Description of product family

The sleek Sala Double wall luminaire sends light in two directions and is suited for both indoor and outdoor use. Light your entrance with style by placing the luminaire by the door. It is also great for lighting walkways and terraces. Indoors the Sala Double can bring a spa atmosphere to the bathroom, for example. For the light source, choose spotlight bulbs with the GU10 base. The colour temperature, output and beam angle of the bulb have a significant impact on the effectiveness and mood of the lighting.
