IP20

Basic Aluminium Profiles

BASIC ALUMINIUM PROFILE WH 2M

Description of product family

Surface-mounted aluminium profiles make installing LED strips easier. The profiles give lighting a neat, finished look while protecting the LED strip from dust and dirt. The opal white polycarbonate cover reduces glare from the LED light points. The aluminium profiles are suitable for LED strips up to 10 mm wide. Available in two lengths. The package includes end caps and mounting clips.

Technical details

The surface-mounted aluminum profile allows for easier installation of LED strips. The profile provides a finished and neat look to your lighting arrangements and protects the LED strip from dust and dirt. Material: aluminum frame, polycarbonate plastic globe. Length 2 m.
