GX53 puck lamps

LED KM75 840 470lm GX53 OP

Description of product family

Low-profile round lamps with a GX53 base are suitable for luminaires fitted with a matching lamp holder. In the Airam luminaire range, these lamps are used, for example, in Planex downlight fittings. The lamps operate on 230 V mains voltage. The range includes both a warm white (2700 K) and a cool white (4000 K) puck lamp. The lamp's technical specifications are clearly shown on the packaging.

Technical details

Low-profile round LED lamp with opal diffuser, also known as a puck lamp. Suitable for use in downlight fittings. The GX53 base is secured by twisting it into place. Power 4.9 W, cool white colour temperature 4000 K. 470 lm, 11° beam angle, lifetime approx. 15,000 h. Dimensions Ø 75 × 25 mm. Blister pack. Operating temperature range -30 to +40 °C. Frequency ~50/60 Hz. No UV or IR radiation. Mercury-free. Three-year warranty.
