LED plug-in lamps

LED TC-S 840 720lm G23 OP

Description of product family

LED plug-in lamps are designed to replace plug-in compact fluorescent lamps. The LED models provide instant full light output and perform exceptionally well even in cold conditions. The light is flicker-free. Long lifetime of 30,000 hours. The range includes two colour temperatures: white 3000 K and cool white 4000 K. LED lamps with a G23 base replace many older energy-saving lamps. Check the lamp holder in your luminaire. Common applications include narrow wall luminaires, cooker hoods and under-cabinet lighting.
