

Näsby Double

Näsby Double IP54 14W/830 ANT

Wall luminaire

Description of product family

The compact Näsby Double LED wall luminaire suits many architectural styles. The Näsby's light beams point both up and down, which allows you to highlight the wall surfaces and structures of your building's facade, for example. The fixture is also suitable for indoor spaces such as staircases and hallways. You can quickly change the look by adjusting the width of the light beams. The manually adjustable beam limiters have a range of 0–80°. Colour temperature of either 3,000 K or 4,000 K.

Technical details

Näsby Double wall light fits various architectural styles. Non-replaceable LED (14 W, 860 lm, 3000 K) shines a beam of light both above and below the light. The width of the beam can be adjusted manually. The light is suitable for both indoor and outdoor use. Frame aluminum, anthracite. Multiple lights can be chained together; surface-mounted onto a wall.
