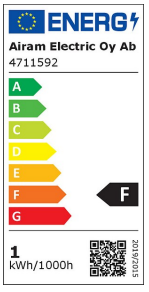
Decor 360 Clear 2200 K

LED DECFG C35 822 90lm E14 FIL

Clear-glass decorative lamp, warm light



Description of product family

Clear-glass LED filament lamps emitting very warm light (2200 K) are ideal for creating atmospheric lighting in the home. The beautiful glass bulbs emit light also towards the base, making them suitable for luminaires where the lamp is installed base-up. These decorative lamps are visually striking even without a shade. Technical specifications are clearly presented on the packaging.

Technical details

The Decor Clear series clear candle-shaped filament LED bulb, 1W, has a warm color temperature 2200K, an E14 base, 90 lm, and a lifespan of approximately 15,000 h. The bulb measures ø 35 × 97 mm and has a glass globe, packaged in cardboard. Frequency is ~50/60 Hz. The bulb provides fully omnidirectional light distribution and is ideal for ceiling and table luminaires. It operates in a temperature range of –20 … +40 °C. It has a high color rendering index CRI > 80 with a continuous, uniform spectrum and no color distortion. The bulb emits no UV or IR radiation, contains no mercury. Three-year warranty.
