CabiLite

CABILITE 40CM 3CCT 300LM USB

Rechargeable light

Description of product family

Charge the versatile CabiLite light via the USB-C port. The light features a motion sensor and multiple functions, including brightness adjustment and separate night and day settings. You can adjust the light's color temperature and brightness using the button next to the charging port. A short press changes the color temperature step by step, while a long press dims the light smoothly. The lightweight and low-profile design makes it easy to attach to a cabinet, shelf, or wall – wherever you need a handy motion-sensor light! Includes a mounting plate with a magnetic attachment. Available in two lengths: 30 cm and 40 cm.
