Generic IP65 2X22W/840 PCC GR

General Luminaire

Description of product family

Generic is a dust-tight and water-resistant IP65-rated general luminaire with replaceable light sources. The luminaire is suitable for indoor use in both dry and damp areas of the home, such as garages and storage rooms. It is easy to install on a wall or ceiling using the supplied metal mounting brackets. The luminaire can also be suspended using wire. It is suitable for through-wiring. The even and efficient LED light switches on instantly. Supplied with high-performance T8 LED tubes with a colour temperature of 4000 K. Available in three lengths, each with two output options. The housing is made of durable ABS plastic.

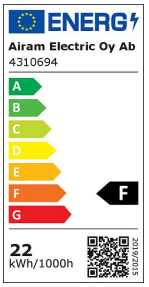

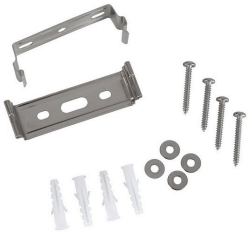

Airam LED tubes feature a wide label at one end to ensure correct installation orientation. Install the LED tube so that the end marked with the wide label and symbols is placed in the lampholder connected to the power supply.
