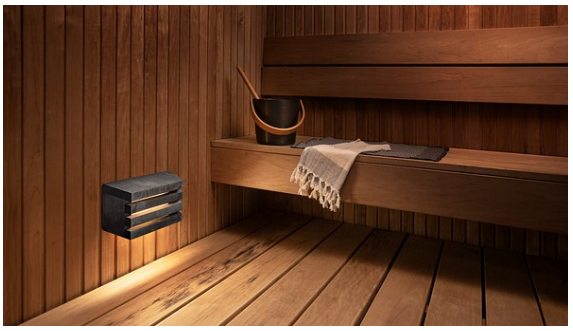
Saunaled H, black

Saunaled H 320 8W/827 PCO BK

A familiar product gets a new splash of color!



Description of product family

Airam's Saunaled range can be tinted to match your sauna with the Supi sauna wax from Tikkurila! The Saunaled light fixtures have been awarded the Design from Finland mark. The range consists of the vertical Saunaled V, horizontal Saunaled H, and the square shaped Saunaled Sq. The Sq and H models are now also available with black trim in addition to the traditional untreated alder. Black is a trendy, stylish, and atmospheric color for sauna interiors. A black sauna requires proper lighting. The Saunaled light is dimmable and features a warm white color temperature (2700 K).
