Tubular LED

LED TUB37 827 806lm E27 OP

Slim tubular bulb

Description of product family

The bulb of a Tubular LED lamp has a long, slim, cylindrical shape. The light output covers the entire surface of the lamp. Tubular lamps are especially suitable for luminaires where a standard bulb does not fit and/or where an even light distribution across the whole luminaire is desired. Technical specifications are clearly presented on the packaging. Available colour temperatures are warm white and cool white (2700 K and 4000 K).

Technical details
