Sensor

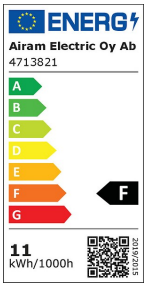

LED A60 840 1100lm E27 SENSOR OP

Dusk Sensor Lamp

Description of product family

Sensor lamps are equipped with a built-in dusk sensor. The lamp is intended for applications where light is only needed as the surroundings become darker. This prevents unnecessary lighting and energy consumption during daylight, while the lamp switches on automatically when the ambient light level drops below 15 lux. Technical specifications are clearly presented on the packaging. Available colour temperatures include warm white, white and cool white (2700 K, 3000 K and 4000 K).

Technical details

Opal standard LED lamp with dusk sensor. Power 10.7 W, cool white colour temperature 4000 K. E27 base, 1100 lm, lifetime approx. 25,000 h. Dimensions Ø 60 × 120 mm. Carton. Frequency ~50/60 Hz. The lamp switches on automatically when the ambient light level falls below 15 lux. Switches on instantly and provides full light output even in freezing temperatures. Good colour rendering index CRI > 80. Continuous, even light spectrum with no colour distortion. No UV or IR radiation. Mercury-free. Three-year warranty.
