Palma

PALMA LIGHT WIRE 100L SOLAR/TRANSF.

Light strip

Description of product family

A stunning strip of 100 warm white LED lights, 9.9 metres long! These versatile decorative lights can be used indoors and outdoors. The strip light comes with two power supplies – a solar cell and a transformer – and these can be easily swapped according to need and the time of year. The strip has a 3-metre connecting cable, and the package also contains an earth spike for the solar cell.

Technical details

This long strip light can be powered by either a solar cell or a transformer, depending on the use and the season. The strip contains 100 warm white LED lights and is suitable for both indoor and outdoor use.
