GU10 LED spot lamps

LED FG PAR16 840 230lm GU10 36D

Colour temperatures 2700 K, 3000 K and 4000 K

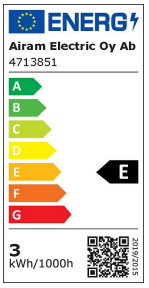

Description of product family

GU10 spot lamps are suitable for luminaires with a compatible GU10 lamp holder. The LED lamps are designed to replace traditional halogen spot lamps in existing luminaires. In this category you will find all available colour temperature options: warm white (2700 K), white (3000 K) and cool white (4000 K). The technical specifications of each lamp are clearly presented on the packaging.
