

Varda

VARDA LED-SERIES 19.5M 40 LED

Light String

Description of product family

Light string suitable for both indoor and outdoor use – perfect for versatile decorating and ambiance. The opal lamp covers diffuse light beautifully. The light strings are available with warm white LEDs or multicoloured LEDs (warm white, red, green, blue). Available in two lengths: 20 or 40 lamps, with 5 LEDs inside each cover. The transformer includes a timer function.
