3-Step-DIM 2700 K Clear

LED PO 827 300lm G9 3ST DIM

Works without a separate dimmer

Description of product family

Use the 3-Step-DIM bulbs to easily change the atmosphere of your home. You can gradually adjust the light level of the bulbs with just a regular light switch! You do not need a separate dimmer. When you press the light switch for the first time, the bulb's light output is 100%. You can dim the lamp by pressing the light switch again within three seconds. Memory function: when you switch off the bulb completely, it retains the last dimmer setting. The bulbs have a beautiful glass globe. The color temperature of the light is a warm white 2700 K.
