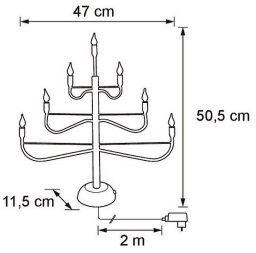
LENA METAL CANDLE BRIDGE

LED Candlelabra

Description of product family

A classic 7-arm LED candelabra with timeless design. The opal candle cups are non-replaceable. The frame is metal, and the gently curved arms create an elegant silhouette. Intended for indoor use. The transformer includes a timer function — when the indicator light glows green, the timer is active. The light then stays on for 6 hours and off for 18 hours.



Technical details

Classic 7-arm LED candelabra. Metal and plastic, antique brass or white finish. 7 warm white LEDs. Size 47 × 11.5 × 50.5 cm. Transformer included. Timer or on/off switch depending on model. Indoor use only.
