Daisy

PLANT LIGHT DAISY 20W/835 1350LM

Grow light

Description of product family

A grow light designed for herbs, seedlings and small houseplants. The package includes eight small pots for sowing seeds and growing seedlings, as well as two growing trays. Growing medium is not included. The self-watering container makes it easy to monitor the water level. The light spectrum provides plants with important, growth-promoting reddish light. The height of the lamp head is adjustable. The light output can be dimmed in five steps and timed in three stages. Select the desired timer setting using the button on the power cord: 8 h (on 8 h / off 16 h), 12 h (on 12 h / off 12 h) or 16 h (on 16 h / off 8 h). The timer controls both on and off functions. To change the timer setting, reset it by briefly disconnecting the light from the power supply.

Technical details
