Puzzle

SMARTHOME PUZZLE TABLE LAMP

Airam SmartHome light panels, 6 pcs

Description of product family

Add some color to your home with the Airam SmartHome light panels, featuring RGBIC technology. You can use the light panels to create bright colors and stunning lighting effects. Each package contains 6 panels that you can arrange yourself – only your imagination is the limit! Single panel size: width 86.6 mm, height 75 mm. The package also includes a table stand and adhesive strips for mounting the lights. The lights need to be connected to work, but you do not have to use all six panels in the same place. The light panels work safely with a DC 5V USB cable (included in the package). The panels are easy to install. Controlling the lights is easy using either the Airam SmartHome app or the included remote control. You can adjust the colors and brightness, change modes, and use the music sync function to combine light and music for a perfect experience.
