Orim

ORIM WALL 3CCT DIM USB-C WHITE

Wall Light, USB

Description of product family

Orim is a compact and lightweight USB-rechargeable wireless wall light. Mount the wall bracket using the included screws, then place the light module onto the magnetic ball joint. The strong magnetic joint allows precise beam direction. The magnetic attachment also makes it easy to remove the light for charging, and a USB-C cable is included. The touch switch on the top allows selection of three colour temperatures. Holding the switch dims the light smoothly. The memory function recalls the last used light setting. The light can also be controlled with the included remote, which features a timer function.

Technical details

USB-rechargeable cordless Orim wall light. Mount the wall bracket with screws and then attach the light head to the bracket’s magnetic ball joint. Direct the light beam freely to any desired angle. Body colour white. Adjust the colour temperature using the touch switch (3000 / 4000 / 6500 K) and dim steplessly by pressing and holding the switch. Remembers the last light setting. Product dimensions: L 7.5 cm, H 4.7 cm, D 10.4 cm. USB-C charging cable and remote control included. The remote control features e.g. a timer function.
