

Linear halogen 230 V

HALO ES J78 120W R7S 2BL

Multipack

Description of product family

Linear halogen lamps have traditionally been used as light sources in various floodlights. They are powerful lamps that withstand high temperatures well. This makes them ideal for applications where strong light is required for extended periods, such as renovation and construction work. The halogen lamps are packaged in durable blister packs that protect the product while keeping it clearly visible. Available in two different models. Halogen lamps can be dimmed.
