CabiRound

CABIROUND 40CM 3CCT 210LM USB

Rechargeable light

Description of product family

The cylindrical rechargeable cabinet light, CabiRound, is versatile and can even be used temporarily as a flashlight! The light features a motion sensor and multiple functions, including brightness adjustment and separate night and day settings. You can adjust the light's color temperature and brightness using the button next to the charging port. A short press changes the color temperature step by step, while a long press dims the light smoothly. Includes a mounting plate with a magnetic attachment.

Technical details
