4-outlet extension cord + USB + PD20W

SMARTHOME 4-WAY EXTENSION CORD

Airam SmartHome

Description of product family

A smart extension cord for your home – the perfect power solution! The Airam SmartHome extension cord brings modern power management to every home. Monitor your energy consumption with the integrated power meter and control your devices remotely with the SmartHome app. You can schedule the extension cord to power on and off as you wish and make use of the PD 20W fast charging function. The app allows you to control each outlet separately, giving you more flexibility. The versatile extension cord includes 4 outlets, 2 USB-A ports and 2 USB-C ports. With 16 A and up to 3680 W of power, this extension cord is the perfect choice for your home. You can also use the extension cord with the physical on/off button.
