# Solar Panel for IP65 SmartHome Camera

## SOLAR PANEL FOR SMART CAMERA

## Description of product family

Airam SmartHome products give you greater peace of mind and help increase security. Use the solar panel as a power source for the SmartHome camera (IP65) suitable for outdoor use. Connect the solar panel directly to the camera using the included USB cable. The camera battery charges whenever the weather is sunny! The panel has a fixed 3 m USB-C cable. The package includes a Micro-USB adapter, allowing it to be connected to a camera equipped with the corresponding port. You can use the camera's features remotely via the Airam SmartHome app. The solar panel is an updated, newer version and replaces product no. 9620099.

## Technical details

The Airam SmartHome solar panel is an energy-efficient and durable power source for the IP65-rated outdoor camera. The panel charges the camera's battery whenever the sun is shining. Fixed 3 m USB-C cable, includes a Micro-USB adapter. Max. 5 W 5 V 0.83 A. For outdoor use.
