Switch, cable 1.4 m

Description of product family

The mother of all extension cords! This model features three Schuko sockets, three Euro sockets and three USB charging ports – one USB-A and two USB-C. It also includes an on/off switch and a 1.4-metre cable with a flat plug equipped with a pull tab, allowing it to fit neatly behind furniture. Available in black or white. The position of the on/off switch does not affect the USB-A/USB-C power output, meaning that the USB ports always supply power.
