Iowa

IOWA NIGHT LIGHT PIR + SENSOR

Night Light, USB

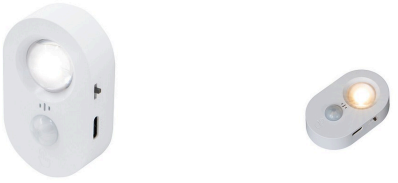

Description of product family

A compact night light that attaches to the wall with a magnet. The curved lens reflects a soft white light. The night light features both motion and dusk sensors. The light colour can be adjusted in steps using the touch control on the front. Press and hold the touch button to dim the light smoothly. The on/off/auto (sensor) switch and USB-C charging port are located on the side. USB charging cable included.

Technical details

Iowa USB-rechargeable night light with magnetic mounting and curved lens. Selectable colour temperature (3000 K / 4000 K / 6000 K) and smooth dimming. Dusk and motion sensors, on/off/auto switch. Battery 3.7 V 750 mAh, USB-C cable included. For indoor use only.
