Abell

ABELL IRON WIRE RING 1440LED

LED Wreath, Ø 50 cm

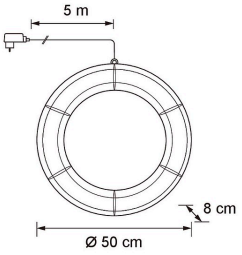

Description of product family

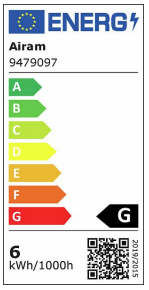

A stunning LED wreath designed for outdoor use, featuring an impressive 1440 LEDs that produce an exceptional amount of light! The thin LED wire is wrapped around the wreath's lightweight metal frame. The wreath measures 50 cm in diameter and 8 cm in depth. The transformer includes a timer function: pressing the button once switches the wreath on. With a second press, the automatic timer activates. You can tell the timer is active when a green indicator light appears on the button. In this mode, the product stays on for 6 hours and then switches off for 18 hours. Pay attention to the time you activate the timer! A third press switches the product off.
