Ragnil

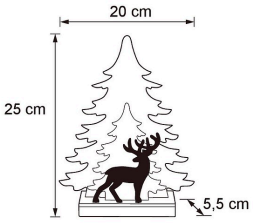

RAGNIL WOOD TREE WITH BLACK DEER

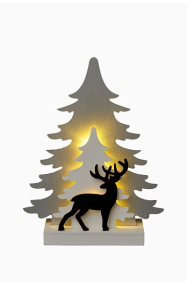

Table Decoration

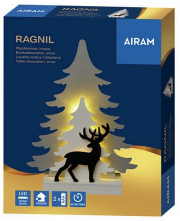

Description of product family

A cosy table or window decoration made of plywood. On the base stand two tree-shaped cut-outs in different sizes. The rear tree has a metallic shimmering surface that reflects the LED light beautifully. The LEDs are placed between the two trees so that the metallic layer glows softly. In front stands the silhouette of an antlered deer. Two versions are available: a larger 35 cm model with a gold-coloured tree and wood-toned deer, and a smaller 25 cm model with a silver-coloured tree and black deer.
