AMIRA LIGHT STRING 10 LED N.WH. 31V

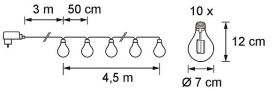

Lamp set

Description of product family

Decorative ten-light lamp set suitable for indoor use. Each lamp contains a beautiful LED filament emitting a warm white light. The lamp shades are clear and the lamp bases have a steel-toned finish, made of plastic. The hemp-covered cable gives the set a stylish and rustic appearance. Available with a natural-coloured or black hemp cable. The illuminated length is 4.5 m and the distance between the lamps is 50 cm. The cable length from the transformer to the light set is 3 m. The transformer has a button to activate the timer function: with one press the light set turns on. With the second press the automatic timer is activated. A green light on the button indicates that the timer is active. In this mode, the product is automatically on for 6 hours and then off for 18 hours. With the third press the product turns off.
