IP20

SmartHome Led Strip Pixel RGB

Smart LED Strip Pixel RGB IP20 5m

WiFi RGB LED strip

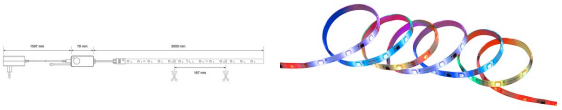

Description of product family

RGB LED light strip for indoor use with a beautiful gradient color effect (Dreamcolor). The Airam SmartHome Pixel RGB strip is available in two different lengths and can be cut to the desired length at 167 mm intervals. The light's color tones and brightness can be adjusted using the included remote control or the Airam SmartHome app. The Airam SmartHome app also offers versatile timer and scheduling features. With this LED strip, you can create elegant indirect lighting or surprising light effects in your home! The product is designed for indoor use and includes a plug-in transformer.

Connect the LED strip to your home's secure WiFi network using the Airam SmartHome app. Download the free app from App Store or Google Play. The app is available in Finnish, Swedish, and English. Connect your devices to your WiFi network – no separate hub required! Products can be controlled via voice commands with Google Assistant, Amazon Alexa, or Siri Shortcuts.
