Palm

PLANT LIGHT PALM 24W/940 1130LM

Grow light

## Description of product family

Palm is a floor-standing version of a grow light – an excellent and far-reaching solution when you have larger plants or several plants grouped together. The luminaire features three light arms that can be bent individually to direct the light where needed. The height is adjustable between 131 and 220 cm. All light arms share the same settings and cannot be adjusted separately. The light output can be dimmed in five steps and timed in three stages. Select the desired timer setting using the button on the power cord: 8 h (on 8 h / off 16 h), 12 h (on 12 h / off 12 h) or 16 h (on 16 h / off 8 h). The timer controls both on and off functions. To change the timer setting, reset it by briefly disconnecting the luminaire from the power supply.

## Technical details

Tall Palm floor-standing grow light with three adjustable light arms. Height 131–220 cm. Fixed LED 4000 K, 1130 lm, 24 W, CRI95. 5-step dimming and 3-stage timer (8/12/16 h). Black cable 2.5 m with in-line controller. For indoor use, IP20. Not intended for general room lighting.
